

ATTENTION!!!!

6th GRADE PARENTS

**Required Immunization for next
school year**

The Florida Department of Health requires all incoming 7th graders to have the following immunizations:

Tdap (1 dose) Tetanus-Diphtheria-Pertussis

Note: A 2nd dose of Varicella is also required, if child has not already received it.

Documentation of the Tdap vaccine and 2nd Varicella is required before your child starts 7th grade. It is time to start preparing now.

Once your child receives the vaccine, please bring a copy of their updated immunization record to the school. It is also a good idea to keep a copy for your records.

Immunizations are provided free of charge at the Pasco
County Health Department :
10841 Little Road
New Port Richey, Florida 34654
